DETAILED ACTION

Election/Restrictions

1. Claims 16-34 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 05/20/2005.

Claim Objections

2. Claims 16-34 are objected to because of the following informalities: The response filed on 05/20/2005 states that claims 16-34 are cancelled; hence are incorrectly designated as withdrawn in the current amendment. Appropriate correction is required.

Applicant is required to cancel claims 16-34.

Claim 9 recites the limitation "the inner quality" in line 8. There is insufficient antecedent basis for this limitation in the claim. Note: this appears to be a typo and the Examiner is certain that the Applicant intended --the inner quality metric--.

Claim 35 recites the limitation "the inner quality" in line 8. There is insufficient antecedent basis for this limitation in the claim. Note: this appears to be a typo and the Examiner is certain that the Applicant intended --the inner quality metric--.

Conclusion

3. This application is in condition for allowance except for the following formal matters:

claims 16-34 must be cancelled.

Claim 9 recites the limitation "the inner quality" in line 8. There is insufficient antecedent basis for this limitation in the claim: "the inner quality" in line 8 must be changed to --the inner quality metric--.

Claim 35 recites the limitation "the inner quality" in line 8. There is insufficient antecedent basis for this limitation in the claim: "the inner quality" in line 8 must be changed to --the inner quality metric--.

This is a RCE. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 2133

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
